

Application Deadline Extended to May 15!

Pediatric Translational Research Workshop for Basic Scientists

The Pediatric Translational Research Workshop for Basic Scientists is a five day, intensive learning experience designed to introduce early career researchers to the principles and fundamental elements of pediatric translational research.

Date: October 14-18, 2013

Location: The Children's Hospital of Philadelphia, Colket Translational Research Building

Eligibility: Limited to pre-doctoral students (Ph.D. students in their fourth year or later of scholarly training), postdoctoral fellows, and early-career scientists

Features: This workshop includes lectures, panel presentations, observational visits (including patient clinics), attendance at an Institutional Review Board meeting, in-classroom patient visits/discussions, tours of translational and clinical research facilities and diagnostic labs, and extensive networking opportunities

The deadline for competitive application submission has been extended to May 15, 2013 at 5:00pm ET
